Gala

The **Red Dress Gala** was established in 2012 with a **mission to create more survivors** of heart disease and stroke by raising vital funds through this prestigious event. The 2026 edition will mark the 12th anniversary and stand as the largest event of its kind in Quebec in support of the Heart & Stroke Foundation. Since 2012, **we have raised more than 900 000\$,** a contribution that has directly **saved lives, combining elegance with urgency.**

At the heart of this event is the **red dress**, a powerful **emblem of femininity, strength, and confidence.** It represents a cause that resonates with **women across Quebec and Canada,** inspiring pride and unity. More than just a symbol, the red dress embodies the courage, passion, and transformative power of women in the **fight against cardiovascular disease.** It serves as a beacon for awareness and action, empowering women to **prioritize their heart health** and advocate for those around them.

Through **groundbreaking research** and **proactive prevention,** we strive to ensure that more parents, spouses, children, and newborns return home to their loved ones each year. Together, we can **end suffering** and **create a new generation of survivors.**

This movement would not be possible without the **dedication of our community.** That is why the Red Dress Gala **proudly honours remarkable women ambassadors and distinguished men ambassadors,** leaders in the business world who help us drive meaningful change.

Join us for the next edition of the **Red Dress Gala on February 7, 2026,** at the Palais des Congrès de Gatineau, where we will welcome over **750 guests** for an unforgettable evening of impact, elegance, and celebration.

WHY BECOME A PARTNER?

Every year, the Red Dress Gala team, along with its ambassadors, **raises funds to support critical research efforts**. We invite you to **join us in fundraising** to help create a **brighter future** for those living with heart disease or the lasting effects of a stroke.

Did you know that in Canada, **every five minutes**, someone dies from heart disease, stroke, or a vascular-related cognitive impairment? **More than 3.5 million people of all ages**, backgrounds, and genders across the country are living with these conditions. Yet, scientists are on the verge of breakthrough discoveries that will save lives—and **your partnership can make a difference**.

Become a partner. Fund the next major breakthrough and **drive forward the scientific discoveries** and collaborations that will save lives.
Open your heart and join us in supporting life-saving research.

Let's fight heart disease and stroke—**together!** **Let's combine elegance with urgency!**

Thank you for supporting our mission!

The Red Dress Gala Gatineau Team & Ambassadors
